Re: Ex Parte Contact
In the Matter of AT&T Corp. v. Sprint Spectrum d/b/a Sprint PCS, WT
Docket No. 01-316

Dear Ms. Dortch:

On Wednesday June 26, 2002, James Cicconi, General Counsel & Executive Vice President of AT&T Corp., Len Cali, and I met with Commissioner Kathleen Abernathy and Matt Brill, Commissioner Abernathy's Legal Advisor, to discuss issues related to the foregoing proceeding. The AT&T representatives reiterated AT&T's view that the Commission should grant AT&T's petition for declaratory ruling that the traditional bill and keep regime should be maintained for wireless minutes until such time as the Commission examines the wisdom of changing that regulatory structure in the context of the inter-carrier compensation proceeding. We also explored that leaving open the possibility that carriers might enter into contracts for the provision of access services that are anything but express agreements with explicit rate terms would require the Commission to regulate cellular carrier charges, and would drive interexchange carriers to block ball to cellular end users.

The positions expressed were consistent with those contained in the Comments and ex parte filings previously made in that proceeding. One copy of this Notice is being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Sincerely,

A handwritten signature in black ink that reads "Robert W. Quinn, Jr." with a stylized flourish at the end.

cc: Commissioner Kathleen Abernathy
Matt Brill
